

VHP

Portable, Electric-Powered, LP Gas-Heated,
Hot Water Pressure Washer

- Up to 2.5 GPM, 2000 PSI
- Belt-Driven Pump with 7-year Warranty
- Schedule 80 Heating Coil
- Rack for 10-Gallon Tank
- Tubed Pneumatic Tires

WHY CHOOSE THE VHP

The VHP—an abbreviation for Vertical Hot (Water) Propane—is the solution when portability is needed indoors or outdoors. It is designed for vapor type propane only. Featuring a carrier with snug-fit band for a 10-gallon LP tank, the VHP easily maneuvers most anywhere with tubed pneumatic tires. The VHP models offer:

SELECTION: VHP models come in 120V and 230V configurations and deliver cleaning power of up to 2.5 GPM and 2000 PSI.

QUALITY: The VHP includes direct-spark piezo ignitor, a 10 ft. gas hose, a variable pressure wand, rugged 10-gauge steel chassis, protected by a polyester powder coat finish, and a tri-plunger, belt-driven pump with 7-year warranty.

SAFETY: The VHP has a ground fault circuit interrupter and is certified to the rigid UL-1776 safety standards for pressure washers. Also it is manufactured in a state-of-the-art plant certified to the internationally recognized ISO-9001 quality manufacturing standards.
